### NOTES

- All courses in other Faculties are acceptable for use as elective credit towards a Bachelor of Arts degree, if the regulations of the department offering the courses permit and prerequisites are met.
- Students are advised to consider their interests in different subfields of Anthropology when choosing electives. Social anthropologists may be interested in Sociology, biological anthropologists in Biology, and archaeologists in Geology.
- Although NIC offers a range of Anthropology courses that transfer to VIU as unassigned ANTH credit, we do not offer two of the required Anthropology courses. These would need to be completed at VIU once the student transfers. These courses may be pre-requisites for third-year courses.
- Students will only receive credit at VIU for one of ENG 115, 116, 117.
